

Career Communications

Career Communications:

Suitable for students interested in communicating professionally, developing solid interview skills, mastering oral presentation skills, creating professional emails, creating a suitable on-line profile, and much more. For young people interested in part-time, full-time or volunteer works as well as those interviewing for college, university and apprenticeships

Entrepreneurship:

Students will learn about how to start their own business. If you have a budding entrepreneur in your home, keen to develop their enterprise skills, this course will equip them with the knowledge and tools to do so. These sessions give an understanding of the theories and practices of entrepreneurship and innovation in a variety of contexts. This course covers the variety of vital aspects of business entrepreneurship, from developing an idea to taking it to launch.

Entrepreneurship
